

LG Chem

LG Twin Towers, 128 Yeoui-Daero, Yeongdeungpo-Gu, Seoul, 07336

FROM : LG Chem / ESS Division

TO : GoodWe Power Supply Technology CO. LTD. (Hereinafter GoodWe)

Approving that GoodWe's Hybrid Inverter (EM-Series) and AC Coupling Inverter (S-BP Series) are now compatible with LG Chem's Residential ESS Battery (RESU LV) for future sales purpose.

- Announcement -

LG Chem acknowledges the matching test between GW5048-EM and RESU LV and GW5000S-BP and RESU LV were proceeded under LG Chem's criteria.

With the criteria, LG Chem has been conducting the matching test between GW5048-EM and RESU LV, and GW5000S-BP and RESU LV. The test result was reported and approved by LG Chem on October 27th, 2017.

After reporting the test result, LG Chem officially announce that following combination is compatible

- EM-Series with all RESU LV products (RESU3.3, RESU6.5, RESU10)
- S-BP Series with RESU6.5 and RESU10 (not RESU3.3)

It was a great opportunity to cooperate with GoodWe, and we would highly appreciate that GoodWe's continuously support the matching process.

Best Regards,
Kim, Hyung Nam
