

## Sample case

Give your customer something "touchable"

- Compact
- Well arranged
- It shows the essential components of the Schletter solar mounting system
- Including documentation

### 195000-004 (400651-1) Standard sample case

Attention: All aluminum components are anodized, all VA-components are bead blasted

Item no.	Name
101001-001 (430 801)	Roof hook Rapid 45V Frankfurter Pfanne, assembled
109009-001 (400 896)	Distance tube made of plastic for on-rafter insulations
109006-002 (400 893-2)	Distance piece for roof hook mounting 2mm
109006-005 (400 893-5)	Distance piece for roof hook mounting 5mm
111110-200 (430 504-10-200)	Fastening kit FixPlan KlickTop with hanger bolt 10x200mm for corrugated sheet metal roofs - sealing disc
113002-000 (400 873k)	Trapezoidal clamp Fix 2000 KlickTop incl. 4 sheet metal screws KlickTop
119009-000 (400 873-ML)	Gauging tool Fix2000 (for measuring the dimensions of the trapezoidal sheet metal)
112002-000 (400 510)	Standing seam clamp kit 510 für KalZip, kit including mounting angle
	FixT fastening kit (screw EPDM form piece, tube)
120001-001 (430 071)	Module bearing profile Eco 05
120002-001 (430 070)	Module bearing profile Solo 05
120003-001 (430 010)	Module bearing profile Profi 05
120004-001 (430 015)	Module bearing profile ProfiPlus 05
135003-000 (430 035)	Lightning protection clamp aluminum, completely pre-assembled (for wire diameters of 8 or 10mm)
121001-001 (400 086)	System upper profile for FixZ-7
121002-001 (400 087)	System lower profile für FixZ-7
129011-000 (430 028)	Plastic end cap, only for Solo05, Profi05
129010-008 (430 024)	Klick component for square nut M8 KlickIn for all profiles 05 with KlickIn-screwing channel
129012-008 (498 111)	Cable clip ProClip-S, rectangular, to be inserted into the Klick channel M8
129012-010 (498 120)	Cable clip ProClip2000-B, round, to be inserted into the Klick channel M10
129005-000 (498 114)	Cable clip ProClip-C, rectangular, to be inserted between the upper and the lower screwing channel - for Solo05 and Profi05
129002-001 (430 027-m)	Cross beam connector Solo or ProfiPlus, 07 series, completely pre-assembled
129003-001 (430 023-m)	Cross beam connector Profi, 07 series, completely pre-assembled
129004-000 (430 520-m8)	Rail cross connector KlickTop with screw, Klick and square nut for Klick groove M8
130002-001 (400 230-o)	Aluminum module middle clamp 100mm, for modules starting from 31mm
130001-036 (400 436-o)	Aluminum module end clamp 100mm for module 36mm
131003-001 (430 811)	Middle clamp Rapid2+ 40 - 50 mm, assembled
135002-001 (430 821)	Earthing clamp Rapid2+ 40 - 50 mm, assembled
131002-000 (430 812)	End clamp Rapid2+ 28 to 39 mm, assembled
131002-001 (430 813)	End clamp Rapid2+ 40 bis 50 mm, assembled
131001-050 (430 850)	End clamp Rapid2+ 50 mm, assembled
133260-068 (400 257)	Glass module middle clamp Eco6 for laminates 6.8mm
133160-068 (400 258)	Glass module end clamp Eco6 for laminates 6mm
132001-000 (400 295)	Glass module middle clamp Profi narrow for laminated modules 3-14mm
132002-002 (400 297)	Glass module end clamp Profi narrow for laminated modules 3-14mm
	Small parts (screws, etc.)
	Documentation
